LOVE UNDER COVER

By Jessica Brody

Jennifer Hunter is back and better than ever in Jessica Brody's *Love Under Cover*, the sequel to the October 2008 Chick Lit Pick, *The Fidelity Files*.

While in the midst of a serious relationship, and after spending the last two years of her life as Ashlyn, an undercover fidelity inspector hired by wives to lure and gauge their husband's cheating potential, Jennifer has vowed to distance herself from the business by opening up the brand new Hawthorne Agency, filled with five fidelity inspectors she manages from afar... until one of her employees seeks out her help and Jennifer finds herself back in the cheating trenches. Will her relationship survive? And can an undercover fidelity inspector ever really trust anyone?
